I. Agenda

1. Boundary Issue
2. Land of community value
3. AOB
4. Next Meeting

1) Boundary Issue – SC advised that he had received a phone call from LCC verbally stating that the CVNF had been accredited as a Neighbourhood Forum. LCC have however changed the boundary from that submitted. They have omitted the fields on Westfield Road opposite the Rosebud and Westfield's. So the boundary includes the houses but not the fields opposite. We do not understand why this has been done as none of the CVNF was informed of the change. It was decided that we should ask for a meeting with Councilor Lewis to discuss this (SC to arrange). It was also decided that following the meeting we should have a public meeting to inform the residents of the outcome and ask for their comments. Provisional date for this is 17th November. This may change depending on date of meeting with Councilor Lewis.

2) Land of Community Value – It was decided that we should look in to making an application for land of community value for the green space on Main Street. DE has downloaded the application document. This was discussed briefly and DE will submit the application.

3) AOB – There is a public consultation at Blackburn Hall on Friday 16th October to discuss the land allocations and the Aire Valley development. It would be useful for CVNF members to attend and comment.

There are Neighbourhood planning Workshop at the old Broadcasting House on Beckett Street between 10 am and noon on 7th November. JK has volunteered to attend anyone else is welcome to join.

There is a fracking discussion at Oulton Institute at 3pm on 8th November. Again JK has offered to attend, anyone else is welcome.

Next Meeting – Monday 19th October at 8.15 pm at the Rosebud.
