	the Strawberry Fields development entrance will be if reserved matters plans are approved.  Not only are we unaware of any approval given by LCC indeed, BdeV suggested the CIL monies be paid LESS the demolition costs so it's very unexpected to have the demolition started already.  There have also been concerns raised about the apparent lack of care and H&S management in handling what are likely to be asbestos sheets during demolition. LCC&HSE aware. It is not known who within LCC would monitor compliance with the inspector's stipulations.
